LINE-WIND RIG (LWR)

- Designed to put your live or artificial bait at the fishing depth you desire.
- Make your own bottom rig in seconds with no knot tying.
- Adjusts quickly to desired positions on line.

- Keeps hooks and leaders away from line.
- Stainless Steel, rust resistant. (U.S. Patent 4,989,360)
- Packaged 2 per display card. 12 displays per shelf pack. (snells not furnished.)

LINE-LEADER CONNECTORS

- No knots in fishing line at leader.
- Easy on, easy off.
- Hook and leader are kept away from line — avoids tangling.
- Adjustable — fisherman can reposition leader on line in seconds — avoids line-cutting.
- Ends line weakening and fracturing due to knot strain.
- Ideal for winter fishing when cold hands make knot tying difficult.

A snap to use! Fishing line is looped through sleeve, attached to lock slot. Leader is looped over connector. Line leader connector is pressed together for a secure connection without knotting.
